Health workshops

THE Western District Health Service will run Sustainable Farm Families programs in Natimuk and Hopetoun.

State Agriculture Minister Joe Helper said the program's focus was to improve the physical and mental health of farmers and their families.

Natimuk will have a workshop on March 11 and 12 and Hopetoun on April 9 and 10.

Organisers said people could call Katherine Hollaway on 5362 2331, for Natimuk, or Julie Mills on 5396 1223, for Hopetoun, for more information on the workshops.
